Niseko Winter Staff Training Program 2020

Niseko, long known for its hot springs, has become famous in recent years as a ski resort area welcoming tourists from all over the world. Although travelers are awed by the scenery, snow, and cuisine, it's safe to say that the *people* in Niseko are what leave the biggest impression. Even with the dire situation we have all continued to deal with during the COVID-19 pandemic, many new staff still plan to begin working at various businesses around the area during the winter season this year. Although we have no doubt individual companies have plans to provide outstanding training programs for their staff, we would like to once again offer the Niseko Winter Staff Training Program this winter. (To prevent the spread of COVID-19, we have decided to not conduct the Winter Driving Course this year.)

We will offer the course according to the schedules below. Please do not hesitate to contact us if you have any questions.

Sincerely,
The Niseko Tourism Zone Council
